**REPORT/REQUEST FOR EXTENSION**  
**OF DISCOVERY FOR LIMITED PURPOSE**

Now comes Plaintiff, Diagnostic Resource Group, LLC, by its counsel, Samuel Sperling and the Law Office of Leonard J. Sperling, and requests that the Court grant a 20 day extension of the discovery period and all subsequent deadlines and for reasons in support thereof states:

1. That at the close of the initial discovery period on March 26, 2003, (as adjusted by Court order on request of the parties) there had been three discovery matters outstanding, namely a second set of interrogatories and document requests filed by the Plaintiff as to which Defendant agreed to respond (and which in fact were returnable on March 26, 2003), as well as one additional document request for a specific document of the Defendant, namely manuals or policies relating to selling extended service plans to which Defendant had also agreed to respond;
2. The Defendant agreed to provide these items;

3. The Court further extended discovery to allow the taking of the deposition of Dr. Philip Templeton, which has been accomplished;
4. Counsel for Defendant has further orally stated that he would supply responses to these outstanding discovery matters, but has been unable to do as of yet;
5. Therefore, Counsel for Plaintiff requests as follows:
  - A. That the discovery period be extended for a period of twenty (20) days to allow Defendant to comply with these discovery requests;
  - B. That all other deadlines be extended by a similar period;

Respectfully Submitted;
